

Thank you for your participation in the HHIM 2010 Conference! This note contains several last-minute details regarding your presentations and logistics.

- Please let me know as soon as possible what platform (Mac, PC) your presentation will be. Please also let me know if you have any special needs for your talk. You will have access to the ORNL Visitor Wireless Network in Room C-152 for preparations. Information on the Wireless Network, along with the password, will be supplied to you at registration.
- If possible, please bring your presentation on a thumbdrive so that it can be uploaded before the start of each session.
- A final agenda is attached. There were a couple of slight changes due to conflicts. Each presenter has 30 minutes for their presentation. You should allow for 5-10 minutes of discussion/questions.
- If you did not submit your abstract via the conference website, you will need to sign an ORNL Publication Release Form. I will have those available when you check in.

Thank you again and if you have any questions or need any assistance, please contact me.
